

This activity is good for children 4 years old and up. Of course you can buy a matching game at the toy store, but part of the fun of this activity is making it with your children.

Materials:

- Clean lids from frozen juice cans
- Stickers—you need to have doubles of each one. Let your children help you pick them out!

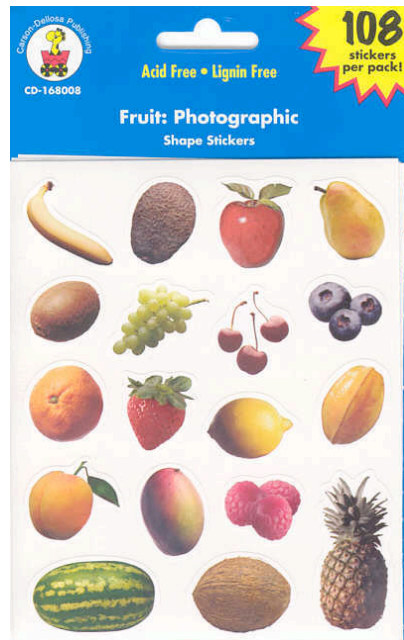

Take two juice lids and stick a matching sticker on each one. There you have it—the first set in your matching game!

Continue until you use up all your juice lids and/or stickers.

(If you don't have enough juice lids, you could pre-trace one juice lid onto cardboard or thick paper, and then cut out the circles.)

Use easy to recognize images

Remember you need double of each sticker.
