

Three Books In One!

This is the only book you'll need for your pregnancy, childbirth and the early months of your child's life

If you buy only one pregnancy book, this is it because...

It's the most complete. It covers all aspects of childbearing, from conception through early infancy, and tells you what to expect. It offers detailed information, suggestions, and advice to help make pregnancy, childbirth, and new parenthood an enjoyable, healthy experience.

It's the most up-to-date. It presents the latest research-based information, including new information on complementary medicine approaches, updated information on interventions during childbirth, revised statistics and discussion on cesarean birth, and new advice to help you make informed decisions about your care.

It's the most authoritative, yet easy to use. A completely new design makes the information accessible, well organized, and easy to read. It includes engaging photos, illustrations, and boxed features that highlight important information.

"Women can only make informed choices when they're able to get comprehensive information on the many decisions that come up during pregnancy, labor, birth, and the postpartum period. This book provides such information. I heartily recommend it to all pregnant women!"

—Ina May Gaskin, author of *Ina May's Guide to Childbirth*,
Ina May's Guide to Breastfeeding, and *Spiritual Midwifery*

"Current research, wisdom, and women's voices together create the most comprehensive book on understanding your options. It will educate, inspire, and nurture you to make informed decisions as you welcome your baby into the world."

—Debra Pascali-Bonaro, LCCE, CD (DONA), PCD (DONA);
coauthor of *Organic Birth: Your Guide to a Safe, Satisfying, and Pleasurable Birth Experience*; director, *Organic Birth: The Best-Kept Secret*

"Throw away your 'what to expect' guide! This book is what every mom-to-be needs."

—Marjorie Greenfield, MD; author of *The Working Woman's Pregnancy Book*

"Once again the authors have provided the right information, at the right time, and have delivered it with the kind of reassuring expertise that helps expectant parents prepare for the most meaningful moment of their lives."

—Bernie Dorsey, founder of Conscious Fathering

"This is the revision we have been waiting for! It is the best book for parents...and a wonderful resource."

—Kathleen A. Lindstrom, CD (DONA), LCCE, FACCE;
